**STANDING ORDER
#2020-01**

**EFFECTIVE
JANUARY 13, 2020**

Standing Order #2020-01 is an amendment to Standing Order #2007-04-01 effective April 4, 2007 and shall replace said standing order.

- WHEREAS: The Merced County Sheriff is designated as the Court Security Officer in Merced, and is charged with assuring security in court facilities within which the Courts of this State and County conduct judicial business;
- WHEREAS: Violence and threats of violent acts directed against courthouses, judicial officers, court staff, and the public have given rise to a clear, urgent need for protective measures to safeguard the administration of justice from a real danger of violence;
- WHEREAS: The Court of this County has issued security orders directing the Court Security Officer to install and utilize weapons screening measures such as metal detection and x-ray equipment in such facilities;
- WHEREAS: Court Security Officers do utilize weapons screening measures (metal detection and x-ray equipment therefore) in such facilities which will result in the exclusion and/or confiscation of a plethora of prohibited materials and weapons including, but not limited to handcuff keys, box cutters, marlin spikes, hammers, hatchets, large screw drivers, caustic chemicals, hazardous materials, ammunition and dangerous weapons of many varieties;
- WHEREAS: Courthouse weapons screening will be no more intrusive than necessary to protect against the danger involved; and,
- WHEREAS: Persons seeking entry to courthouses may be given adequate notice by signage that they may leave the facility rather than submit to screening.

IT IS ORDERED:

1. All persons, except current judicial officers of the Merced Superior Court, entering or otherwise present in court facilities shall submit to any request by the Sheriff of Merced County to participate in a weapons screening process involving metal detection and x-ray equipment. If upon screening the Sheriff suspects identified material or matter may compromise security, the Sheriff may demand to inspect it and, if it is otherwise lawful to possess, but compromises security, forbid possession of it in the facility by allowing the possessor to leave or otherwise not bring the matter into the facility. In that ammunition is classified as a Class 1 hazardous material/explosive, all ammunition shall be confiscated.
2. No person within courthouse facilities, other than a person specifically charged with the security of the court building, or on-duty peace officers performing law enforcement duties within the scope of their employment, shall possess a firearm, knife, teargas, taser, stun gun or similar device, as defined or listed in Penal Code sections 171b and 244.5. This prohibition shall be enforced whether or not the person also possesses a valid license or permit therefore.
3. No person, including on-duty peace officers, shall possess any weapon in the courtroom when appearing as a party in a civil or probate matter or when attending any family law matter as an observer, witness, or party.
4. No peace officer, including Sheriff's patrol deputies and/or detectives, shall walk into any chamber for any reason without permission from the courtroom deputy.
5. The Sheriff is authorized in his discretion to exempt from portions of the screening process any peace officers displaying current, valid, official photographic identification.
6. Except in the event of an emergency, no peace officer, including Sheriff's patrol deputies and/or detectives, shall arrest anyone within the court facilities for any warrant or any crime that was committed outside of the court facilities. The peace officer, including Sheriff's patrol deputies and/or detectives, must obtain permission from the court services deputy-in-charge/sergeant or from the judicial officer before making any arrest within the court facilities.
7. No prisoner shall be released to any peace officer, including Sheriff's patrol deputies and/or detectives, in the courtroom without permission from the judicial officer.
8. At each facility at which the Sheriff operates weapons screening pursuant to this authorization, signs shall be posted which are clearly visible to the public before entry declaring the existence of metal detection and x-ray screening security.

Nothing in this order is intended to, nor shall, diminish the legal and lawful authority of the Sheriff as a peace officer.

Disobedience of this order is punishable as a contempt of court and under general law.

This order is effective immediately.

Attachment B: 709 Exchange of Confidential Information

A. Introduction

The purpose of this protocol is to comply with Welfare and Institutions Code, Section 709,¹ and to provide guidance when statutes and rules of court are silent with respect to the procedures to be followed when addressing juvenile competency issues under Section 709. This protocol has been developed with input from juvenile justice stakeholders in Merced County, as required per Section 709(i).

B. Informal Resolution

Initiating and conducting competency to stand trial proceedings in cases involving relatively non-serious alleged delinquent conduct may be contrary to efforts to rehabilitate minors and protect public safety. Therefore, in cases where the parties share a good faith belief that a doubt exists as to the competence of the minor,² the parties are encouraged to explore the possibility of an informal resolution of the case which does not require an adjudication of the pending petition. For example, the parties might agree, with the permission of the court, to refer the minor to a community-based program designed to address the alleged delinquent conduct. Upon successful completion of the program, the petition might be dismissed pursuant to Section 782. Although informal resolutions are agreements between the parties (the minor and the District Attorney), the probation department should play a role in identifying appropriate community-based services, such as mental health treatment services, which may support the implementation of such an informal resolution. When appropriate, parties are encouraged to consider requesting a consultation with the Juvenile Behavioral Health Court before proceeding with competency proceedings.

C. Initiation of Competency Proceedings

If minor's counsel or the court expresses a doubt as to the competence of the minor, the court will determine whether substantial evidence raises a doubt as to the minor's competence. Upon the court's finding of substantial evidence of a doubt as to the minor's competence, proceedings as to the minor shall be suspended.³

1. Upon suspension of the proceedings, unless the parties stipulate to a finding of incompetence or submit on the issue, the court shall appoint an expert psychologist or psychiatrist ("expert"), who is qualified to render an opinion as to the minor's competence,⁴ to evaluate the minor, and express an opinion as to the minor's competence.⁵
 - a. serve as juvenile competency experts ("the panel"). The court shall annually review the experts on the panel to confirm their qualifications and availability to render opinions as requested. The review must be completed by January 31st.
 - b. Attachment "A" hereto is the form to be used in appointing an expert for evaluation of the minor.

¹ Unless indicated otherwise, all references to code Sections are references to the Welfare and Institutions Code (W&IC).

² The term "minor" refers to a person over whom the juvenile court has jurisdiction pursuant to Section 602 et seq., including an adult who is alleged to have committed a public offense prior to his or her 18th birthday.

³ See Section 709(a)(3).

⁴ See, Section 709(b)(1) and California Rules of Court, Rule 5.645(a)(2).

⁵ See, Section 709(b).

- c. Nothing in this Section shall be interpreted to preclude any party from engaging the services of other experts to consult with counsel and/or testify regarding issues pertaining to the competence of the minor. However, this does not allow a qualified expert retained or appointed by the DA to perform a competency evaluation on a minor without an order from the juvenile court.
 2. Upon suspension of proceedings, the court shall set the matter for a Competency Determination Hearing.
 - a. The Competency Determination Hearing shall be set as soon as reasonably practicable, consistent with the principles of due process and the goal of resolving juvenile delinquency expeditiously, generally within 15 court days for in-custody matters or 30 court days for out-of-custody matters.
 - b. The court may exercise its discretion to continue the Competency Determination Hearing consistent with principles of due process and applicable statutes

D. Evaluation Process.

1. The minor's counsel will coordinate the evaluation process, including ensuring the interviews of the minor are scheduled in a timely fashion, and providing to the expert documents such as any social history information, school records, mental health information, juvenile hall incident reports, etc. that may have been completed for the minor. The minor's counsel is to provide these documents to the expert within 10 court days of the Competency Hearing order if the minor is in custody. The minor's counsel is to provide these documents to the expert within 20 calendar days if the minor is out of custody. The minor's counsel shall itemize the information forwarded to the expert and supply the expert with the itemized form. Probation, Behavioral Health and the Office of Education are to cooperate with minor's counsel by expeditiously providing the necessary documents.
2. The District Attorney (DA) will forward copies of all charging documents, police reports (present or past crimes), or any other information the DA may deem to be necessary or relevant to the minor's alleged delinquent behavior, to the expert within ten court days of the Competency Hearing order. The DA shall itemize the information forwarded to the expert and supply the expert with the itemized form.
3. The expert shall consult with the minor's counsel and any other person who has provided information to the court regarding the minor's lack of competency.⁶
4. Should the minor be detained at a Merced County juvenile detention facility, probation shall assist with coordination of the abovementioned interview.
5. If the above interview is conducted at a Merced County juvenile detention facility, probation shall only be present in the interview room if there are safety concerns.
6. If the expert is of the opinion that the minor is not competent, then the expert shall express opinions as to the following:
 - a. Specify the basis of incompetence: mental illness, mental disorder,

⁶ See, Section 709(b)(3).

- developmental disability or immaturity;⁷
- b. What services does the expert believe might be furnished to the minor to assist the minor in attaining competency?
 - c. Is there a substantial probability that the minor will attain competency in the foreseeable future?
 - d. If the expert believes there is a substantial probability the minor will attain competency in the foreseeable future, how long would be a reasonable amount of time to wait before making the determination of whether there might be a substantial probability the minor will attain competence?
 - e. If any information is unavailable to the expert, he or she shall note in the report the efforts made to obtain that information.⁸
7. The expert shall furnish a report complying with the court’s order of appointment to the court no less than two court days prior to the scheduled Competency Determination Hearing. The court will provide copies of the report to counsel and probation no less than one court day prior to the scheduled Competency Determination Hearing.
8. If the expert finds that the minor is “developmentally disabled,” then, regardless of the evaluator’s opinion with respect to the minor’s competence, the court shall appoint the “director of a regional center for developmentally disabled individuals” to evaluate the minor for the purpose of determining whether the minor is eligible for services under the Lanterman Developmental Disabilities Services Act.⁹
- a. Notwithstanding the time frames for assessments by a regional center as provided in Section 4643, the Central Valley Regional Center will endeavor, consistent with available resources, to expedite the completion of all court ordered assessments in order to accomplish the goals of this protocol.
 - b. When a referral is made to the Central Valley Regional Center, the court clerk shall furnish copies of the related minute order to the Central Valley Regional Center within two court days.
 - c. The DA and the minor’s counsel shall forward all material furnished to the expert to the Central Valley Regional Center within two court days.
 - d. The Court will set a court date for the returned report within 45 to 60 days and the Central Valley Regional Center is to provide an update as to their progress of assessment and provide its report to the court as soon as completed.¹⁰
 - e. The court will provide copies of the report to counsel and probation.

⁷ An immaturity training aims at assisting the youth with gaining a rational and factual understanding of the allegations against him or her and the associated penalties; as well as, acquiring the ability to cooperate with an attorney in his or her own defense (*Dusky vs. United States*, 362 U.S. 402 (1960),

⁸ See Section 709(b)(3).

⁹ See, Section 709(b)(7).

¹⁰ IRC has a maximum of 120 calendar days unless client would be at imminent risk of placement in a more restrictive environment then assessment shall be performed in no event more than 60 days (See Section 4643).

E. Competency Hearings¹¹

1. If the court deems the evaluation received from the expert does not contain sufficient information, the evaluation is to be returned to the expert for further consideration. The expert shall furnish the amended report, complying with the court's order of appointment to the court, no less than two court days prior to the next scheduled Competency Determination Hearing.
2. The court will provide copies of the amended report to counsel, no less than one court day prior to the next scheduled Competency Determination Hearing.
3. Unless otherwise ordered by the court, all material furnished by the DA and minor's counsel to the expert shall be discoverable to all parties.
4. If the minor, through counsel and the DA, agree that the court may make a determination as to the minor's competency based solely upon the contents of the evaluator's report and arguments made by counsel, then the court may proceed to determine competency at the Competency Determination Hearing without receiving further evidence.
5. If either party wishes to present evidence in addition to that contained in the evaluator's report, then the court shall set another Competency Determination Hearing as soon as reasonably practicable, consistent with the principles of due process and the goal of resolving juvenile delinquency expeditiously, generally within 15 court days for in-custody matters or 30 court days for out-of-custody matters. The hearing shall be scheduled in light of the needs of the parties to have sufficient time to procure the additional evidence, such as the time reasonably required to subpoena documents and witnesses.
6. If, after concluding the Competency Determination Hearing, the court finds by a preponderance of the evidence that the minor is not competent, then the underlying delinquency proceedings shall remain suspended, and the court may make appropriate orders designed to assist the minor in attaining competence.¹²
7. If minor is under 14 years old at the time of the alleged incident, the court shall make a determination as to the minor's capacity¹³ prior to deciding the issue of competence.¹⁴
8. If the petition contains only misdemeanor offenses and the minor is found incompetent, then the court shall dismiss the petition.¹⁵
9. If the court finds the minor not competent, a written copy of all discoverable material shall be forwarded by the DA and the minor's counsel to probation within two court days of the latest Competency Hearing.
 - a. The minor's counsel is to utilize the Authorization to Exchange Confidential Information form (Attachment "B") to obtain signatures from the minor and his or her parents or guardian and send a copy to probation.

¹¹ See, Section 709.

¹² See Section 709(g)(1).

¹³ See, California Penal Code Section 26.

¹⁴ See, Section 709(c).

¹⁵ See, Section 709(f).

10. If, after concluding the Competency Determination Hearing, the court finds that the minor is competent, then the underlying delinquency proceedings shall be reinstated.

F. Services for Attainment of Competency.

1. If the minor is found incompetent and the court orders that the minor receive services to assist the minor in attaining competence, then the guidelines in this Section apply.
2. If the court deems it appropriate in light of the opinions expressed by the evaluator, and if the minor qualifies, the court will appoint the Department of Behavioral Health to provide competency attainment services.
3. If appointment of the Department of Behavioral Health is not appropriate or if the minor does not qualify for services, the court will refer the minor's case to the Merced County Probation Department.
 - a. Probation will be responsible for making recommendations to the court regarding what competency attainment services should be provided to the minor in light of the opinions expressed by the evaluator.
 - b. Probation will be responsible for developing a plan for providing the recommended competency attainment services to the minor.
 - c. Services shall be provided in the least restrictive environment consistent with public safety.¹⁶
 - d. Probation will be responsible for implementing the orders of the court regarding delivering competency attainment services to the minor as outlined below:
 - i. If in the opinion of the expert the minor needs developmental maturity training, then the minor shall be provided with a developmental maturity training coordinated by probation.
 - ii. If in the opinion of the expert the minor has developmental disabilities, then the case shall be referred to the Central Valley Regional Center to determine eligibility for services.¹⁷
 - iii. If in the opinion of the expert the minor has mental health concerns, probation will find a program that shall ensure appropriate mental health treatment services are offered to the minor.
 - iv. If in the opinion of the expert the minor has educational concerns, then the Merced County Office of Education shall ensure appropriate recommendations for educational services are made to probation and probation will make the recommendations to the court.
 - v. If it is determined the youth has private insurance, probation will ensure proper referrals are provided.
 - e. The parties will cooperate with the work of probation.

¹⁶ See, Section 709(g)(1).

¹⁷ See, Sections 709(b)(7-9).

- f. Probation will prepare a report and submit it to the court and parties in a timely manner.
4. At the time the case is referred to probation or Department of Behavioral Health, the court will set a Competency Attainment Plan Hearing for the purpose of considering the recommendations of probation and the parties and then making orders with respect to providing such services to the minor.
5. Once the court has ordered remediation services, the court shall review the remediation services at least every 30 calendar days for minors in custody and every 45 calendar days for minors out of custody prior to the expiration of the remediation period.
6. If during the remediation service period the youth is in custody, the Department of Behavioral Health shall provide the court with suitable alternatives for continued delivery of remediation services upon release from custody.¹⁸
7. The court may exercise its discretion to set or continue the Competency Attainment Plan Hearing to a date other than those specified above.
8. The parties may offer additional evidence to the court regarding the proposed plan.
9. At the conclusion of the hearing, the court may make orders that the minor receive services designed to assist the minor in attaining competence.
10. Probation, the Department of Behavioral Health, or any other entity that is providing competency attainment services, will furnish to the court and counsel a report to be considered at the Competency Attainment Plan Review Hearing.
 - a. The report(s) will be provided to the court no less than two court days prior to the hearing. The court will provide a copy to the parties and probation no less than one court day before the hearing.
 - b. The report will provide information regarding the services that have been provided to the minor and the extent to which the services are being effective in assisting the minor in attaining competence. The report will include any suggestions regarding modifying the competency attainment services plan previously ordered by the court.
 - c. The report will be considered at the Competency Attainment Plan Review Hearing and the court will make further orders at the conclusion of the hearing, including, without limitation, orders setting a subsequent review hearing, orders to implement the services plan, orders to modify the services plan, orders regarding reassessing the competency of the minor as described below, or orders terminating the services plan and dismissing the case.

G. Attainment of Competence.

1. If at any time the court is of the opinion that the minor may have attained competence, the court will refer the minor to an expert as described in Section C above who will be directed to reevaluate the minor to determine whether the minor has attained competence.

¹⁸ See, Section 709(g)(1).

- a. Attachment “A” hereto is the form to be used in appointing an expert for reevaluation of the minor.
 - b. If practicable, the minor should be reevaluated by an expert who has previously evaluated the minor.
 - c. The probation department will furnish the expert with all the relevant information for the case, including information received from the DA and minor’s counsel and the expert reports regarding the competency attainment services that have been provided to the minor.
 - d. The expert shall render an opinion regarding whether the minor has attained competency. In addition, if the minor has not attained competency, then the expert shall also offer opinions on whether additional or different services might be effective in assisting the minor in attaining competency and whether there is a substantial probability that the minor will attain competency within the foreseeable future. If the expert believes it is premature to determine whether there is a substantial probability that the minor will attain competence within the foreseeable future, then the expert shall, if possible, express an opinion as to the amount of time reasonably necessary to make such a determination.
2. At the time the referral is made as described above, the court will set a Competency Attainment Hearing within 30 court days for in-custody matters or 45 court days for out-of-custody matters.

H. Competency Attainment Hearing.

1. A Competency Attainment Hearing will be conducted as described above after the minor has received services, within six months of the initial receipt of a recommendation.¹⁹
2. The expert who has reevaluated the minor shall furnish a report, including the opinions, as described above, to the court no less than two court days before the hearing and the court will provide the report to probation and all parties no less than one court day before the hearing.
3. The procedures to be followed in conducting the Competency Attainment Hearing shall be the same as those provided above for the Competency Determination Hearing.
4. If the court finds that the minor has attained competence, then the pending delinquency proceedings shall be reinstated.
5. If the minor has not attained competence, then the court will make appropriate orders which may include ordering additional services while the proceedings remain suspended.
6. If the minor has not attained competence and the court determines that there is no substantial probability that competence will be attained in the foreseeable future as defined within the statute, then the court shall dismiss the petition as required by Section 709. The court may refer the minor for mental health treatment services,

¹⁹ See, Section 709(h)(1).

guardianship services, and/or other services that may be available under the law.²⁰

7. The total remediation period shall not exceed one year from the finding of incompetency.²¹
8. The parties should make recommendations to the court regarding appropriate further orders if a petition is dismissed because attainment of competence is not foreseeable.

I. Secure Confinement During Competency Proceedings

1. Secure confinement cannot exceed six (6) months from the finding of incompetence, unless the court determines that it is in the best interests of the minor and the public's safety. In making this determination, the court shall consider the following (Section 709(h)(5)(A)):
 - a. Where the minor will have the best chance of obtaining competence
 - b. Whether the placement is the least restrictive setting appropriate for the minor
 - c. Whether alternatives to secure confinement have been identified and pursued as well as why alternatives are not available or appropriate
 - d. Whether the placement is necessary for the safety of the minor or others
2. In cases where a detained minor is charged with an offense described in WIC 707(b), the court may continue the minor's detention for an additional year, but not to exceed 18 months from the finding of incompetence, after the court has considered the above criteria, and determined that it is in the best interest of the minor and the public's safety that the minor remain detained. (Section 709(h)(5)(C).)

J. General Provisions

1. The provisions in this protocol are not intended to create rights or obligations beyond those imposed by applicable law. They are intended only to provide guidance and to support the goals of the juvenile justice system, which include the prompt resolution of competency issues.
2. Statements made to the appointed expert during the minor's competency evaluation, statements made by the minor to mental health professionals during the remediation proceedings, and any fruits of those statements shall not be used in any other hearing against the minor in either juvenile or adult court.²²

²⁰ Mental health services are received voluntarily and cannot be ordered.

²¹ See, Section 709(h)(3).

To: _____

You have been (re)appointed by the Court to examine the minor who is charged with:

A report and three additional copies are due to the court no later than: _____

In your report, please address the following questions:

PSYCHOLOGIST or PSYCHIATRIST

1. If the minor was under 14 years of age at the time of the commission of the alleged offense, did the minor know the wrongfulness of his/her actions? (26 Pen Code)
2. Does the minor presently have a rational and factual understanding of the proceedings taken against him or her? (709 WI Code)
3. Does the minor have sufficient present ability to consult with his or her counsel with a reasonable degree of rational understanding? (709 WI Code)
4. Is the minor presently able to prepare and conduct his or her own defense in a rational manner without counsel? (709 WI Code)

If the answers to numbers 1, 2, or 3 are "no", please answer the following questions:

5. What is the basis of incompetence: mental illness, mental disorder, developmental disability, or immaturity? (709 WI Code)
6. What services might be furnished to the minor to assist the minor in attaining competency? (709 WI Code)
7. Is there a substantial probability that the minor will attain competency in the foreseeable future? (709 WI Code)
8. If there is a substantial probability the minor will attain competency in the foreseeable future, how long would be a reasonable amount of time to wait before making the determination of whether there might be a substantial probability the minor will attain competence? (709 WI Code)

Case Name:	Case Number:
------------	--------------

9. If any information is unavailable to you, please note in the report the efforts made to obtain that information. (709 WI Code)
10. Is treatment with antipsychotic medication medically appropriate and, if so, is it likely to restore minor to mental competence? (1369 Penal Code)
11. Do you recommend the minor be evaluated by a psychiatrist to determine if antipsychotic medication is medically appropriate? (1369 Penal Code)
12. Does the minor have the capacity to make decisions regarding antipsychotic medication? (1369 Penal Code)
13. Is the minor a danger to himself/herself or others? (1369 Penal Code)

PSYCHIATRIST

When considering antipsychotic medication pursuant to Penal Code section 1369, please answer the following questions:

14. Is treatment with antipsychotic medication medically appropriate?
15. Should antipsychotic medication be administered to the minor?
16. Are there likely or potential side effects of the medication and, if so, what are they?
17. What is the expected efficacy of the medication?
18. Are there alternative treatments?
19. If the minor lacks the capacity to make decisions regarding antipsychotic medications or does not consent that the treatment facility can administer antipsychotic medication when as prescribed by the minor's treating psychiatrist, is one or more of the following true:
 - a. The minor lacks capacity to make decisions regarding antipsychotic medication, the minor's mental disorder requires medical treatment with antipsychotic medication, and, if the minor's mental disorder is not treated with antipsychotic medication, it is probable that serious harm to the physical or mental health of the patient will result. Probability of serious harm to the physical or mental health of the minor requires evidence that the minor is presently suffering adverse effects to his or her physical or mental health, or the minor has previously suffered these effects as a result of a mental disorder and his or her condition is substantially deteriorating. The fact that a minor has a diagnosis of a mental disorder does not alone establish probability of serious harm to the physical or mental health of the minor.
 - b. The minor is a danger to others, in that the minor has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm on another while in custody, or the minor had inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm on another that resulted in his or her being taken into custody, and the minor presents, as a result of mental disorder or mental defect, a demonstrated danger of inflicting substantial physical harm on others. Demonstrated danger may be based on an assessment of the minor's present mental condition, including a consideration of past behavior of the minor within six years prior to the time the minor last attempted to inflict, inflicted, or threatened to inflict substantial physical harm on another, and other relevant evidence.

Case Name:	Case Number:
------------	--------------

- c. The people have charged the minor with a serious crime against the person or property; involuntary administration of antipsychotic medication is substantially likely to render the minor competent to stand trial; the medication is unlikely to have side effects that interfere with the minor's ability to understand the nature of the criminal proceedings or to assist counsel in the conduct of a defense in a reasonable manner; less intrusive treatments are unlikely to have substantially the same results; and antipsychotic medication is in the patient's best medical interest in light of his or her medical condition.

A copy of the minute order is attached. The District Attorney's Office will provide copies of charging documents, law enforcement reports (present crimes, and past crimes, if any), and any other relevant information within 10 court days. The Defense Attorney will provide social history documents, school records, juvenile hall incident reports, and mental health information within 10 court days for in-custody minors and 20 court days for out of custody minors. If this is an appointment for a competency attainment hearing, Probation will provide all necessary reports and documents within 10 court days. The Office of Education, Probation, and the Department of Behavioral Health are to cooperate with the Defense Attorney by expeditiously providing the necessary documents. Further, the Merced County Juvenile Justice Center and the Department of Behavioral Health are hereby directed to permit the appointed examiner access to medical and psychiatric records maintained in their possession.

**STANDING ORDER
#2023-01**

EFFECTIVE MAY 2, 2023

**REQUESTS FROM LAW ENFORCEMENT FOR DESTRUCTION, DISPOSITION,
OR RETURN OF SEIZED PROPERTY**

The purpose of this standing order is to promote consistency in the requests for destruction or return of property by law enforcement. This standing order only applies to requests from a law enforcement agency to destroy, return, or otherwise dispose of property in its possession. These are usually blanket requests related to seized property being stored by law enforcement. Each request generally involves property related to a number of cases or incidents. The requests sometimes relate to property seized pursuant to a warrant where no case was filed.

Note: If an agency is making a request for return of property related to a specific Superior Court case, the request is to be filed in that case, using the case number and caption.

Procedural Requirements:

- Each request must consist of an application, supporting evidence (usually in the form of a sworn declaration), and a proposed order.
- The application, declaration, and proposed order should be captioned, “In re the [destruction, return, etc.] of [basic description of the evidence (i.e., controlled substances, property seized pursuant to warrant, etc.)] in the possession of [agency name],” UNLESS the request is specific to a case, then use the proper caption for that case, “People v. [defendant].”
- The proposed order must be a standalone document and may not be combined with or be a continuation of any other document.
- The proposed order must have a proper caption and a line where the Criminal Presiding Judge can sign.
- If the declaration references any exhibits, those exhibits should be attached to the declaration.
- Any attached exhibits referencing the evidence sought to be disposed of should have numbered lines.
- Each proposed order must have attached to it a list of the property sought to be destroyed, returned, etc.

This is the first order of 2023; the last standing order was 2022-08.

Legal Requirements:

- The application must provide the code section or other legal authority that supports the proposed disposition of each piece of property. It is not sufficient to provide a laundry list of statutes.
- Each application must be supported by proper admissible evidence, usually in the form of a declaration.
- Each declaration must state the reason for the request to destroy, return, or otherwise dispose of property in its possession.
- Each declaration must be specific and must comply with CCP § 2015.5.
- Each declaration must be specific enough that the Court can determine exactly which statutory authority applies to and supports the disposition of each item of property.
- If the declaration provides that a case was adjudicated, there must be a Superior Court case number provided for each item of evidence allegedly associated with an adjudicated case.
- If items were seized pursuant to a search warrant, the warrant number and a copy of the warrant must be included.
- The exact proposed disposition of each item of evidence listed in a request must be provided. It is insufficient to state that the items will be destroyed, disposed of, or released.
- If items of property are sought to be returned, the declaration must be specific as to whom the items will be returned.
